

FORMER DOLL DEALER SELLS CELEB BODY BITS! SHOCK DOC REVEALS MURKY NECROMART!

**U.S. PREMIERE
AT MASS MoCA!**

A journey into the murky market and morality of Walter Sculley, a successful dealer in "corporeal memorabilia".

"Think about how excited people get about owning an autograph, say a Judy Garland autograph. Then imagine the excitement if you could own the hand that wrote the autograph..."

With three portraits of his customer/collectors: "Harry", a Garland enthusiast; "Rob", who built his collection around Trotsky's Spine; and "Jackie", a specialist in the glamour category of American First Ladies.

We also get the back story on a shadowy revolutionary named Gonzalas Rodrigues...
